

# GASL Annual Meeting 2018

Hamburg, January 26 – 27, 2018 – Program Overview

## FRIDAY, JANUARY 26TH, 2018

12.30 - 13.15	<b>(1) FIBROGENESIS AND NON-PARENCHYMAL CELLS</b>	<b>Poster Visit Session I Tent 2</b>	<b>Lunch Break Foyer Auditorium</b>
13.15 - 13.25		<b>Opening</b>	<i>Lecture Hall</i>
13.25 - 14.10		<b>Lectures Session I</b>	<i>Lecture Hall</i>
		Chair: Thomas Longereich, Heidelberg	
		1) The transcription factor c-Jun/AP-1 affects non-alcoholic steatohepatitis (NASH) and liver fibrosis in a cell-type specific manner; Isabel Schulien, Freiburg	
		2) Protective role of VEGF-A165b in liver cirrhosis with portal hypertension; Robert Schierwagen, Bonn	
		3) Caspase-8 is a gender-specific modulator of chronic cholestatic liver disease in female Mdr2 knockout mice; Julia Jung, Aachen	
14.10 - 14.35		<b>Poster Discussion</b> (Johannes Weiß, Würzburg)	<i>Lecture Hall</i>
14.35 - 15.20	<b>(2) CLINICAL HEPATOLOGY</b>	<b>Poster Visit Session II Tent 1</b>	<b>Coffee Break Foyer Auditorium</b>
15.20 - 16.05		<b>Lectures Session II</b>	<i>Lecture Hall</i>
		Chair: Jens Marquart, Mainz	
		1) Increased prevalence of low-frequency and rare NOD2 variants in patients with cirrhosis treated in tertiary care hepatology centers; Matthias Reichert, Homburg	
		2) Possible role of HMGB1 and RAGE inflammatory pathway in primary sclerosing cholangitis; Christian Rupp, Heidelberg	
		3) Does TIPS reduce the risk for HCC development in liver cirrhosis patients?; Hauke Heinzow, Münster	
16.05 - 16.30		<b>Poster Discussion</b> (Daniela Kroy, Aachen)	<i>Lecture Hall</i>
16.30 - 17.15	<b>(3) METABOLISM AND TRANSPORT</b>	<b>Poster Visit Session III Tent 2</b>	<b>Coffee Break Foyer Auditorium</b>
17.15 - 17.45		<b>GASL Plenary Meeting</b>	<i>Lecture Hall</i>
		<b>GASL PRIZE (Yael Foundation) Ceremony</b>	
17.45 - 18.30		<b>Lectures Session III</b>	<i>Lecture Hall</i>
		Chair: Johannes Kluwe, Hamburg	
		1) An "all in one" CRISPR/Cas9 AAV corrects the genetic defect in mice mimicking human Tyrosinemia Type 1 disease; Simon Krooss, Hannover	
		2) T cell mediated cholangitis alters bile acid metabolism; Dorothee Schwinge, Hamburg	
		3) Altered iron homeostasis in ammonia-exposed cultured rat astrocytes and in human cerebral cortex in hepatic encephalopathy; Ayse Karababa, Düsseldorf	
18.30 - 19.00		<b>Poster Discussion</b> (Silvia Ribback, Greifswald)	<i>Lecture Hall</i>
19.30	<b>SCIENTIFIC DINNER</b>		

## SATURDAY, JANUARY 27TH, 2018

08.30 - 09.15	<b>(4) TUMORS, LIVER SURGERY AND TRANSPLANTATION</b>	<b>Poster Visit Session IV Tent 1</b>	<b>Coffee Break Foyer Auditorium</b>
09.15 - 10.00		<b>Lectures Session IV</b>	<i>Lecture Hall</i>
		Chair: Clemens Schafmayer, Kiel	
		1) The yes-associated protein target gene U2AF homology motif kinase 1 facilitates tumor initiation and progression in liver cancer; Teng Wei, Heidelberg	
		2) rLCMV vectors elicit tumour directed immune responses, inhibit tumour progression and prolong survival of mice; Jessica Wingerath, Hannover	
		3) Mesenchymale Stammzellen vermindern durch Thrombospondin 1 vermittelte Epithelschädigungen nach ausgedehnter Leberteilresektion im Schwein; Bruno Christ, Leipzig	
10.00 - 10.30		<b>Poster Discussion</b> (Caroline Mogler, München)	<i>Lecture Hall</i>
10.30 - 11.00	<b>STATE OF THE ART LECTURE: ADVANCES IN VIRAL HEPATITIS</b> Prof. Dr. Ralf Bartenschlager, Heidelberg		
11.00 - 11.45	<b>(5) VIRAL HEPATITIS AND IMMUNOLOGY</b>	<b>Poster Visit Session V Tent 1</b>	<b>Brunch Foyer Auditorium</b>
11.45 - 12.30		<b>Lectures Session V</b>	<i>Lecture Hall</i>
		Chair: Kilian Weigand, Regensburg	
		1) Interferon $\alpha$ treatment leads to reappearance of the Smc5/6 complex in HBV-infected humanized mice and to its renewed degradation upon viral rebound; Lena Allweiss, Hamburg	
		2) Viral infection sensitizes hepatocytes towards CD8 T cell mediated antiviral immunity; Annika Schneider, München	
		3) Characterization of the HEV-specific CD8+ T-cell response in acute and chronic Hepatitis E virus infection; Janine Kemming, Freiburg	
12.30 - 13.00		<b>Poster Discussion</b> (Marco Binder, Heidelberg)	<i>Lecture Hall</i>
13.00 - 14.30	<b>PRIZE CEREMONY,</b> <b>INVITATION TO GASL 2019</b> <b>CLOSING REMARKS</b>		
			<i>Lecture Hall</i>

# General Information

## GASL 2018 PRESIDENT

Prof. Dr. med. Ansgar W. Lohse  
I. Department of Medicine  
University Medical Center Hamburg  
Martinistr. 52  
20246 Hamburg

## COORDINATION CONTACT

Dr. med. Christina Weiler-Normann  
Dana Klatt  
Phone: +49 40 7410 59614

## PROGRAM COMMITTEE

Dr. Tobias Böttler  
Prof. Dr. Mathias Heikenwälder  
Prof. Dr. Verena Keitel-Anselmino  
Dr. Martin Krawczyk  
Dr. Christina Weiler-Normann  
PD Dr. Jens Werner  
Prof. Dr. Beate Straub

## VENUE

Bucerius Law School  
Helmut Schmidt Auditorium  
Jungiusstraße 6  
20355 Hamburg

## PUBLIC TRANSPORT

A free transport ticket is included  
in congress registration.

## CONGRESS ORGANISATION

Universität Hamburg Marketing GmbH  
Friederike Meyn  
Feldbrunnenstraße 9  
20148 Hamburg  
Phone: +49 176 128 380 05

## START OF MEETING

Friday, 26th January 2018  
12.30  
Registration opens at 11.00

## END OF MEETING

Saturday, 27th January 2018  
14.30

## OVERVIEW OF THE SCIENTIFIC PROGRAM

Session 1: Fibrogenesis and  
Nonparenchymal Cells  
Session 2: Clinical Hepatology  
Session 3: Metabolism and Transport  
Session 4: Tumors, Liver Surgery and  
Transplantation  
Session 5: Viral Hepatitis and Immunology  
Each session include poster visits, lectures  
and a poster discussion.

## KEYNOTE SPEAKER

Prof. Dr. Ralf Bartenschlager, Heidelberg  
Saturday, 26th January 2018 at 10.30

## CME CREDITS

You will receive a participation certificate  
after the meeting at the registration desk.

## POSTER INFORMATION

Posters are displayed in the tents next to the  
Helmut Schmidt Auditorium.

## WIFI INTERNET

Login data will be provided at the registration  
desk.

## SCIENTIFIC DINNER

Friday, January 26, 2018  
19.30  
Parlament Hamburg (Town Hall)

## EXHIBITION

The exhibition is placed in the foyer of the  
Helmut Schmidt Auditorium and tent 2.

## DIRECTION TO CAMPUS

2) HELMUT SCHMIDT AUDITORIUM
